

Are you currently enrolled in a college or university Information Technology program? Would you like additional tuition assistance?

If you are a CSEA-represented NYS employee, consider the:

Statewide Targeted Tuition Program For Information Technology

The NYS & CSEA Partnership offers a special opportunity for CSEA-represented NYS employees who are matriculated in a Computer Science, Computer Information Systems, Information Technology, Telecommunications, or Management Information Systems program to receive additional tuition assistance through the Statewide Targeted Tuition Program for Information Technology.

Currently, most CSEA-represented NYS employees are eligible to receive two tuition benefits per fiscal year.

The Statewide Targeted Tuition Program for Information Technology allows eligible employees to receive up to two additional tuition benefits if they are matriculated in a Computer Science, Computer Information Systems, Information Technology, Telecommunications, or Management Information Systems program.

For more information about the **Tuition Benefits Program** or the **Statewide Targeted Tuition Program for Information Technology**, please call a Partnership Advisor at (518) 486-7814 or (800) 253-4332, or email: advisors@nyscseapartnership.org.
